

# Cooperation Partnerships

## Swiss Programme for Erasmus+

Cooperation Partnerships are transnational Erasmus+ projects for the development of innovative educational offers and the exchange of experience and knowledge in school, vocational, higher and adult education as well as in youth work. The project teams consist of at least three institutions from three Erasmus+ Programme Countries, Swiss institutions can participate as additional partners and can receive funding from the Swiss Programme for Erasmus+. They expand their competences and networks, and contribute to strengthening and developing the quality and competitiveness of the Swiss education system.
